

# PHOENIX LANDING FOUNDATION PARROT FOSTER

## AGREEMENT

PLEASE INITIAL NEXT TO THE FOLLOWING KEY POINTS IN YELLOW:

I understand that I have approximately two months to foster a parrot to decide if the bird is a match for my family.

Phoenix Landing should also agree that my family is a good match for the bird.

I understand that if I decide to adopt, the adoption fee of \$\_\_\_\_\_ will be due at the end of the foster period, and that I must also sign an adoption contract at that time.

I understand that if this bird requires a vet visit while in my foster care, I must contact my adoption coordinator **PRIOR** to the vet visit to obtain an authorization.

I understand that if the parrot needs a new home during the foster period, I will contact my adoption coordinator and will not give the bird away. I also agree to give my adoption coordinator at least one week to find a new home.

I agree not to take my Phoenix Landing foster parrot outside unless the bird is in a carrier.

I have never been convicted of animal cruelty, neglect, or abandonment.

Primary caregiver agrees that the parrot shall not be placed into a breeding situation under ANY circumstances.

Should the unfortunate event occur that the parrot dies while in foster with me, I agree to contact my adoption coordinator immediately, cc [contact@phoenixlanding.org](mailto:contact@phoenixlanding.org), wrap the bird in a damp paper towel, place in the refrigerator (NEVER FREEZER), and follow the coordinator's instructions for bringing the parrot to a veterinarian for a necropsy.

### THE PARROT'S CAGE and "SUITCASE"

The parrot's current cage size and color is: \_\_\_\_\_

If the parrot is not coming with a cage in suitable condition or size (\_\_\_\_\_ minimum). Phoenix Landing will provide a donated one, if available. If not, I agree to provide a cage in good condition that meets our minimum standard size of \_\_\_\_\_ prior to adoption.

The following items accompany the parrot and belong to the parrot. If the parrot must move to another home, these items will move with the parrot or be returned to Phoenix Landing:

\_\_\_\_\_

This foster agreement is entered into for mutually acknowledged and valuable consideration, as of the \_\_\_\_ day of \_\_\_\_\_, 2021 between Phoenix Landing and \_\_\_\_\_ ("Primary Caregiver") whose complete contact information is included in their application form. Phoenix Landing and \_\_\_\_\_ agree to a temporary placement of this parrot named \_\_\_\_\_

SPECIES: \_\_\_\_\_ hereafter referred to as "the parrot."

Primary Caregiver affirms that the responses given in the written foster or adoption application are accurate and complete. The Primary Caregiver agrees to give the parrot a healthy environment and to care for him with common sense, respect and decency. He/she is to be treated as a member of the family.

A Phoenix Landing representative may inspect the parrot's location at any time with 24 hours notice to determine whether Primary

Caregiver is complying with the terms of this agreement. If Phoenix Landing determines that the Primary Caregiver has not complied with the terms and conditions, or feels that it is not in the best interests of the parrot to remain at this location, Phoenix Landing has the legal authority, by virtue of this contract, to terminate this agreement and immediately remove the parrot. Primary caregiver shall provide information about the parrot when requested within a reasonable time. Primary Caregiver shall notify Phoenix Landing within 3 days of any changes of physical address, email address, or telephone number. If for any reason the Primary Caregiver is no longer willing or able to care for the parrot, Phoenix Landing shall be notified immediately so that Phoenix Landing can make alternative arrangements for the parrot's care.

Primary Caregiver understands that parrots may develop undesirable habits, become destructive or carry diseases that can be transmitted to humans and other animals. Likewise, the Primary Caregiver understands that parrots require security & companionship, a nutritious diet (to include fresh foods), a healthy environment (safe, good ventilation, medical care), stimulation (toys & interaction), and a decent cage in which to live. All these things can be expensive and the Primary Caregiver is aware and capable of providing the proper resources not otherwise provided by Phoenix Landing.

Phoenix Landing makes no guarantees on health, behavior or talking ability; the parrot is delivered "as-is" and deserves to be loved accordingly. Please try to attend our classes so that you can provide the best possible care. In addition, please check with your coordinator about bringing this bird to events, so prospective families have a chance to meet birds that are available for adoption.

Primary caregiver agrees that Phoenix Landing can pick up the parrot, with a minimum 24-hour notice, in order to place the parrot in its permanent adopting home. Prior to permanent placement, it may be necessary for the parrot to visit prospective homes, or for potential adopters to visit the birds in their foster environment, upon occasion.

If Phoenix Landing has provided a cage for the foster bird, then the cage and other resources and materials (books, toys, perches, etc.) will be returned at the conclusion of the foster period.

If the Primary caregiver chooses to adopt the parrot, and it is in the parrot's best interest to remain at the Primary Caregiver's home, then established adoption fees will apply and an adoption contract signed.

Primary Caregiver shall defend, indemnify and hold harmless Phoenix Landing and its volunteers from all claims for actions, claims, damages, losses and expenses for personal injury or death to persons or injury to or destruction of property arising out of Primary Caregiver's performance or non-performance of this agreement. In the event of any dispute, adjudication or litigation between Phoenix Landing and the Primary Caregiver, Phoenix Landing shall recover all its losses, damages, including, but not limited to, its reasonable attorney's fees and costs. This contract shall remain in effect in perpetuity.

If your foster bird needs veterinary attention, please contact your area adoption coordinator for authorization prior to the vet visit. This is the only way we can guarantee payment. If there is an emergency and the bird needs immediate veterinary attention, please email us at [contact@phoenixlanding.org](mailto:contact@phoenixlanding.org). Do not wait, as birds will show signs of sickness only when they are very ill. If you are unable to reach your coordinator, please call 866-749-5634. If your foster bird passes away while in your care, follow your coordinator's instructions to bring the parrot in for a necropsy.
